Skills

- Full Stack
- HTML
- CSS
- JavaScript
- React js
- Node js
- Express js
- MongoDB

Tools & Technologies

- Git & GitHub
- Postman
- VS Code

Language

- English
- Telugu
- Hindi

Education

(2022 -2026)

MOTHER THERESA INSTITUTE OF
ENGINEERING AND TECHNOLOGY

CGP 75%

(2020 -2022)

SRI SIDDARTHA JUNIOR COLLEGE
MADANAPALLE

CGP 51%

(2019 -2020)

NJR (EM) HS MADANAPALLE,
CHITTOOR DISTRICT

CGP 62%

Apprenticeship (2025 -2026)

MERN Stack Intent

TechU Innovation Labs, Hyderabad

Nov/15/2025

- Developed and maintained responsive full-stack web applications using React.js and Node.js
- Designed and implemented RESTful APIs using Express.js
- Integrated MongoDB database with Mongoose for efficient data management
- Collaborated with team members using Git and GitHub for version control

Projects

Landing Page

- **CollegeResto – Interactive Restaurant Website**
- Designed and developed a visually appealing restaurant landing page using HTML, CSS and JavaScript. Implemented dynamic food image preview functionality using DOM manipulation and event listeners. Utilized Flexbox for responsive layout design and integrated Font Awesome icons for enhanced UI. Demonstrated strong front-end development and user interface design skills

Calculator

- **Web-Based Calculator Application**
- Designed and developed a fully functional calculator using HTML, CSS and JavaScript. Implemented dynamic input handling and arithmetic expression evaluation using DOM manipulation and event-driven programming. Applied CSS Grid for structured layout and integrated error handling for improved user experience.

Weather App

- **Real-Time Weather Application**
- Designed and developed a weather web application using HTML, CSS and JavaScript. Integrated OpenWeatherMap API to fetch real-time weather data using asynchronous programming (async/await). Implemented dynamic DOM manipulation and error handling to enhance user experience. Created a modern UI with gradient styling and responsive layout techniques.

To-Do List

- **Dynamic To-Do List Application**
- Designed and developed a task management web application using JavaScript. Implemented dynamic DOM manipulation for creating and deleting tasks, integrated event listeners for marking tasks as completed, and applied input validation to enhance user experience. Demonstrated proficiency in client-side scripting and interactive UI development.
